UI Program Implementation Update

Disaster Unemployment Assistance November Northwest WA Flooding

- On January 5th, President Biden declared a major disaster for the November floods and mudslides in the northwest corner of Washington.
- Affected areas include:
 - Clallam County
 - Whatcom County
 - Skagit County
 - Lummi Nation
 - Nooksack Indian Tribe
 - Quileute Tribe
- Workers who live or work in these areas and are unemployed as a direct result of the disaster may be eligible for Disaster Unemployment Assistance or DUA.

What is Disaster Unemployment Assistance?

- DUA provides income support to workers who do not qualify for regular unemployment insurance.
- This can include workers who do not have enough covered employment to qualify for a claim, those who have exhausted their regular UI eligibility, or other reasons related to the disaster.
- This program is very similar to Pandemic Unemployment Assistance, which expanded eligibility for income support benefits during the height of the COVID-19 pandemic.

Help Spread the Word!

- We do not yet have a timeline for when we will be accepting applications for DUA, but we expect to have information available on our website in the next couple weeks.

- As we begin to implement this program and provide communications, we will be asking you to help amplify our message to reach everyone who may need this assistance.
- We also would appreciate your feedback on specific needs and outreach we can provide to ensure everyone has equitable access to the benefits.

Help for Impacted Businesses

- You can ask for relief of benefit charges if your employees received unemployment insurance as a direct result of the disaster. Information at esd.wa.gov/about-employees/relief-of-benefit-charges
- Laws passed in 2021 affected your tax rates to help with recovery from the pandemic. More information available at esd.wa.gov/newsroom/covid-19-employer-information
- This page has information on programs that can affect your employees' benefits and your bottom line: esd.wa.gov/unemployment/temporary-layoffs
 - SharedWork
 - Standby
 - Partial employment

Other Upcoming UI Program Implementation

- Mixed Earners Unemployment Compensation (MEUC)
- [UIPL 16-20, Change 5](#), which expanded PUA eligibility to include three COVID-19 related reasons under which an individual may self-certify:
 1. Individuals who refuse to return to work that is unsafe or to accept an offer of new work that is unsafe;
 2. Certain individuals providing services to educational institutions or educational service agencies; and
 3. Individuals experiencing a reduction of hours or a temporary or permanent layoff.
